

Dear Runner,

As a participant in last year's 2010 Mission City Run, we are hopeful you will once again join us as we have made several significant changes, additions and features that we feel will transform a good event into a great one. In striving for improvement, we have essentially "remodeled" the run in several key areas. Following are a few of the changes:

- Addition of a 10K run
- Re-designed the courses so that a majority of the route remains in the theme park
- State-of-the-art disposable chip timing for accuracy & fast results

These adjustments, along with the free entry into California's Great America Park, will make for an even more memorable day. And best of all, your participation will continue to assist our Mission City Community Fund (MCCF) continue to help many projects and programs within the Santa Clara community.
